Getting in to
Logan House

Do I need a referral?

Referrals are accepted but you don't need one. If you are over 18 years old and you have a problem with drugs or alcohol, give us a call. To apply, give our friendly team a call on 1300 727 957 and make an appointment for an assessment.

How much does it cost?

You will be required to pay a weekly charge to the dispensing pharmacist towards your participation in ORT while at Logan House. This will be separate to the fee required for alcohol and drug treatment at our residential service.

Logan House is run by Lives Lived Well, a not-for-profit support organisation.

Logan House provides a six or 12-week residential treatment cycle, which delivers best practice care with professional facilitators. Support is available before and after entering our program.

We're located at:

75 Kirk Road, Chambers Flat QLD.

Logan House ORT Program

RESIDENTIAL ALCOHOL AND
DRUG TREATMENT

Engaged in Opioid Replacement Therapy?

In support of ORT's effectiveness, you can take a more comprehensive approach to your treatment by also participating in a residential alcohol and drug treatment program.

Lives Lived Well's Logan House is now accepting people who are engaged in ORT.

Our team

Our professional team has staff qualified in medication management with access to a registered nurse. Our staff will undertake to work closely with your doctor and pharmacist on matters related to your ORT while in our care.

Getting ready

Before being admitted, you will need to:

- have been on a consistent dose of ORT for at least four weeks
- begun nicotine replacement therapy
- have informed your doctor that you are entering a residential treatment program and obtained a prescription to cover your length of stay
- agree to continue ORT, either through visits to a nearby approved pharmacy or on site at Logan House – whatever is easiest for you to keep receiving your dose.

Responsibilities

Your ORT is your responsibility, however, our staff will:

- assist you in maintaining your regular ORT dose
- store any medication securely
- supervise your taking of ORT medication
- request you maintain confidentiality regarding your ORT while in care.

We ask for your support and an undertaking that you will:

- be responsible for your ORT management
- inform our staff if anything changes or you become unwell
- agree to comply with our drug screening practices
- agree not to give away or misuse a dose of ORT medication
- agree to support reviews of your ORT if requested
- not use alcohol or unprescribed drugs
- avoid driving and using machinery.

Supportive

and safe

Risks

While our support of your ORT administration is guided by strict policies and procedures and we will be communicating regularly with you about your ORT, it still can carry some risk of complications.

In the case of a medical issue surrounding your ORT, our team will:

- provide first aid or contact emergency services, if required
- seek medical advice from our registered nurse or medical officer, or your ORT health professionals
- notify your ORT pharmacist and prescriber.
